

Otter Tablet Training

### OTTER TABLET TRAINING |

Otter is a tablet consolidating software for online order & delivery platforms that allows more than one online order & delivery service to reside on one tablet. This document will walk you through *Tablet Basics, Enabling Sound, How to Manage Orders, Menu Management, Order Adjustments, Manually Turning off Your Store, Support, and Other Delivery Partner Tablets.* 

### TABLET BASICS |

- 1. PLACE the tablet in a visible area where it can be seen and heard.
- **2.** Orders will pop up on the screen as well as make a sound. Note that the Otter page refreshes on its own so the orders will pop up right away.
- 3. **KEEP** the tablet always plugged into a power source.
- **4.** If there is an issue, **CLICK** on the orange chat button and a member of the Otter Support Team will respond.

### ENABLING SOUND |

- 1. ADJUST the volume by swiping down from the top of the screen to access basic settings or
- 2. CLICK the home button on the bottom of the tablet to access tablet settings and adjust the volume.

### **OTTER SUPPORT**

**1.** To contact **Otter support** at any time, use the chat feature at the bottom left side of the screen by **CLICKING** the "support" bubble.

Contact support if

- A courier never arrives for an order
- The store needs to close early and hours need adjusting

### MENU MANAGEMENT |

Orders received in the tablet cannot be adjusted, so managing the menu is a critical step that must be conducted during every shift. Follow the instructions below to mark an item in or out of stock.

**1.** CLICK the Menu tab.

Otter Tablet Training

#### **2.** Find the item you would like to mark out of stock by using the search bar.

⊟ Menu	All Unavailable (31)	+ 1 4
<b>Q</b> Search items and modifiers		Items Modifiers
Fresh Food	🗅 Monster Taquito Beef	Ø Indefinitely
	Big Az Cheeseburger	\$4.67
	Breakfast Egg And Sausage Biscuit Sandwich	\$3.35
	Johnsonville All Beef Hot Dog	ø Indefinitely
⑦ Support	Johnsonville Smokey Cheddar Brat	Ø Indefinitely

**3.** Once you find the item you would like to mark out of stock, **SELECT** the checkmark box next to it.

∃ Menu	All Unavailable (31)	+ 11 9
Q Sprite		0
Items	Category: Soda Sprite 20oz	\$2.69
	Category: Soda Sprite 12 Pack Cans	\$8.75
③ Support		
✓ 1 selected		Change availability (1)

**4.** Next on the same page, **SELECT** "change availability"

Otter Tablet Training

**5.** When the pop-up appears on the right part of the screen, **SELECT** either 'Available,' 'Unavailable today,' or 'Unavailable indefinitely.'

**NOTE:** 'Unavailable today' items will automatically be made active the next day. 'Unavailable indefinitely' items must be manually reactivated.

	connor.rowe@cloudkitchens.com is logged in as chevron51	×
≡ Menu	All Una	Change availability Sprite 20oz

### **INTEGRATIONS PAGE |**

The Integration page allows you to see the status of your delivery partners. This page is also where you'll update your prep time for your orders.

1. CLICK "Integrations" from the menu

 On the Integrations page, you can see the status of each delivery partner ("Accepting Orders" or "Offline"), as well as the Prep Time for orders for each delivery partner.

**NOTE:** CLICK on the arrows next to the Prep Time to increase and decrease time as needed.

Otter Tablet Training

			<b>ə</b> :
Order Channels Connected devices & delivery partners			
PRINTER			STATUS
G Otter Printer			Printer Offline
DELIVERY CHANNEL	AUTO-ACCEPT	PREPTIME	STATUS
DoorDash	Automatic	< 10 Minutes >	Accepting Orders
© Support			

**3.** In the "Auto-Accept" field next to each delivery partner, **CLICK** on the blue button next to "Automatic" to change the status to "Manual." Tablets should always be set to "Automatic" for all delivery partners.

**NOTE:** "Auto-Accept" will automatically confirm orders on the tablet. We will use this feature to ensure that orders are accepted immediately.

### ORDER ADJUSTMENTS |

Once orders are received in the tablet, they cannot be modified.

For any issues with the active orders, contact the customer directly (using the steps above). The customer contact number is listed on the order screen.

If the customer is unable to be reached, contact the delivery partner (i.e. Door Dash) via the number listed on the order screen. If needed, Team Members can also obtain this phone number by contacting the Otter Support Team through the chat function.

**NOTE:** For any orders that are unable to be filled because items are out of stock, if a logical modification choice to complete the order can't be made (i.e. using 2 Reese's two packs to replace an out of stock Reese's King Size four pack), cancel the order through the steps above.

### MANUALLY TURNING OFF YOUR STORE FOR THE DAY |

If unplanned circumstances arise and you must turn off delivery services, Team Members can either contact Otter Support (step one) or turn services off via the tablet (steps 2 and 3).

- 1. **CONTACT** Otter Support through the chat bubble and provide a length of time the store will be closed.
- TURN off the store on the tablet.
   CLICK the delivery partner icons in the top right corner, a drop-down will appear.

3. CLICK 'Pause all Stores'.

**NOTE:** If the option to deactivate a delivery platform is not available, **CONTACT** Otter Support Team through chat for the quickest response to fulfill your request.

Otter Tablet Training

4. CLICK on "Restaurant closing early".

### OTTER EMAIL SUPPORT |

**CONTACT** Otter Support through email at <u>prioritysupport@tryotter.com</u> or **SELECT** the Chat bubble on the tablet for the quickest response.

When emailing priortysupport@tryotter.com, please also cc connor.rowe@tryotter.com

### OTHER DELIVERY PARTNER TABLETS |

Once the Otter tablet is set up, **TURN OFF** the other tablets and put them away in a safe place, as these tablets can be used if an outage occurs at Otter.

Ensure all Team Members know where the other tablets are and how to reactivate them in the unlikely event of a service outage.
